

End of the Day Report

Mark Nhel A. Besonia

Innovuze Solutions, Inc.

- Attended the BOSH Orientation with Ma'am Jimilou Dal.
- Created a script to monitor and give notification if internet and Jenkins are down.
- Assisted sir Leo Teves in troubleshooting and checking that the servers and firewall are up when the internet went down.
- I, together with my fellow DITS OJT's created an incident report about the internet loss.
- Research further and tinkering about OPNsense for the future set up (Ongoing).
